

Acting in onshore and offshore industries, 3R Petroleum is committed to the sustainable development principles, ensuring the conduct of business with integrity, ethic, transparency and responsibility, identifying and mitigating risks, improving the processes management and competency at all levels, in search of operational excellence, thus raising the customers satisfaction, operational reliability, maintaining the focus on preventing pollution and incidents.

To comply with these premises, 3R Petroleum is committed as follows:

1. Identify the environmental aspects, health and safety risks related to activities, establishing prevention and control.
2. Comply with legislation and other quality, health, safety and environment requirements.
3. Provide resources so the employees can conduct their activities responsibly and safely.
4. Preserve the health and safety of own employees, contractors, customers, community and visitors.
5. Promote actions that guarantee the safety culture development.
6. Ensure full authority to those responsible for the operational areas in decision-making to act with responsibility and commitment to Operational Safety and current regulations.
7. Ensure that workers are free to report their perceptions within participation and consultation principle without suffering retaliation.
8. Meet the expectations of internal and external stakeholders.
9. Manage process risks, identifying, evaluating and controlling to prevent and mitigate their effects, increasing the Integrated Management System effectiveness.
10. Continuously improve the Integrated Management System adequacy, sufficiency and effectiveness.
